

# **CSE 4308/5360**

## **Assignment 0**

Please read the following carefully and put your name and ID number in all the places indicated to acknowledge that you have understood it.

### **Attendance Policy Acknowledgement:**

*Students are expected to attend all lectures. Attendance will be taken during every lecture that occurs after census date and will be part of your final grade. Any material that the student missed will not be covered again in class. At random points during the lectures, I will conduct in class quizzes. The scores of these quizzes will be used as part of your final grade. Absence from classes may be excused, with appropriate documentation, for illness, critical family emergencies, military service obligations, observance of major religious holidays, and certain university service commitments. Documentation regarding any reasons for absence must be provided to the instructor by the end of the week of the missed lecture. If the student is unable to attend a class due to approved or personal reasons, it is the student's responsibility to use the slides/videos posted online or the lecture archives on canvas and the textbook to learn the content and to contact either the Instructor or the TA to clarify any doubts.*

As a student enrolled in CSE 4308/5360, I will adhere to the attendance policy given above.

Name: \_\_\_\_\_

ID Number: \_\_\_\_\_

### **Honor Code Acknowledgement:**

*I pledge, on my honor, to uphold UT Arlington's tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.*

*I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.*

As a student enrolled in CSE 4308/5360, I will adhere to the UT Arlington Honor Code given above.

Name: \_\_\_\_\_

ID Number: \_\_\_\_\_

### Assignment Policy Acknowledgement:

*There will be several written assignments and three programming mini projects in this course. If you find yourself in an emergency and cannot deliver homework on time, immediately inform the instructor. Also, while working with other persons on non-graded example problems from the textbook is a good way to help you develop your understanding and insight into the techniques of problem solving, homework solutions must be your work only. Violations of this will not be tolerated and result in severe penalties for all parties involved, in strict compliance to official UTA policy.*

*The Programming mini projects must be coded in base versions of C, C++, Python, Java. Alternatively, they must be coded to run on the ACS machine omega (All students will have an account on the ACS machine omega). Note that Omega compatibility is not required (just recommended). If any partial code is provided as part of the assignment, it will generally be only provided in a limited number of languages. However, you are under no obligation or requirement to use it. Additional details will be announced in class.*

*All submissions (written and programming) must be submitted via Canvas. No other methods of submission are accepted under any circumstances.*

*Certain assignment may be classified as optional assignments. These will be announced beforehand in class. Scores for these assignments will only be used if they will improve your average assignment score. Otherwise scores from these assignments will be ignored.*

*The points each assignment graded out of will be provided as part of its description. Assignments submitted late will be automatically penalized, at a rate of **5% of assignment max points per hour late**. Late submission will not be accepted 12 hours after due date. **Note that for some assignments, submissions may not be accepted after the deadline** (such assignments will be announced in class beforehand). The submission due time (and the time the link will be available till) will be shown in Canvas. Exceptions will only be made for documented emergencies, in strict adherence to UTA policy. Computer/Network crashes, Submission of Incomplete files, Submission of Incorrect Files, Submitting at Incorrect Link are NOT acceptable excuses for late submissions. **No exceptions will be made.** To avoid problems with such crashes and last-minute problems, students are encouraged to submit as early as possible. They are also advised to ensure that their file was uploaded correctly before submitting it. You can always revise your submission till the deadline. If you are unable to work on/submit an assignment due to a valid documented reason (illness, critical family emergencies, military service obligations, observance of major religious holidays, and certain university service commitments) one makeup assignment may be provided that will be due during finals week.*

As a student enrolled in CSE 4308/5360, I have read and understood the assignment policy described above.

Name: \_\_\_\_\_

ID Number: \_\_\_\_\_

**Exam Policy Acknowledgement:**

*There will be three non-cumulative exams spread out throughout the course. All exams will have equal weight. No exam scores will be dropped. The exams will be held on campus as in-person exams barring any new developments in the COVID-19 pandemic. If the university requires exams to be moved online, then they will be held online via the Lockdown browser with Respondus monitoring system. Students are allowed 1 sheet of handwritten notes during the exam. These notes will have to be submitted along with your exam (more details will be given in class). Students will also need a non-programmable standard or scientific calculator.*

*Absence from exams may be excused, with appropriate documentation, for illness, critical family emergencies, military service obligations, observance of major religious holidays, and certain university service commitments. Requests for excused absence, and documentation for such absences, must be provided as soon as possible. In case of excused absence, a makeup exam will be setup and conducted by the instructor. **Even if the reason for an absence/non-attendance is valid, a request for an excused absence/re-attempt will be rejected if provided later than the day of the exam.** The dates for all the exams are subject to change. Any changes will be announced in class atleast a week in advance. Students are expected to be available till the last day of finals week. No accommodations will be made if the student will miss an exam due to being unavailable before the last day of finals week.*

As a student enrolled in CSE 4308/5360, I have read and understood the exam policy described above.

ID Number: \_\_\_\_\_

**Grading Policy Acknowledgement:**

*You will be assigned a numerical score based on your performance in your assignments and in your exams. Please note that all assignments/mini projects will be weighed equally in this calculation.*

Material	Contribution to Final score
Written Assignments	20%
Programming Mini Projects	15%
Exam 1	20%
Exam 2	20%
Exam 3	20%
Attendance & In Class Quizzes	5%

*This numeric score is converted to a letter grade according to the following rubric.*

Numerical Score	Grade
$\geq 85$	A
$\geq 70 \ \& \ < 85$	B
$\geq 55 \ \& \ < 70$	C
$\geq 40 \ \& \ < 55$	D
Otherwise	F

*For the Exams and Assignments, if any tasks were graded incorrectly (a correct answer given less than full credit) or if there is a totaling error, please contact either the TA or the instructor ASAP. Any partial credit obtained for incorrect tasks is not up for discussion/negotiation.*

*Students are expected to keep track of their performance throughout the semester and seek guidance from available sources (including the instructor) if their performance drops below satisfactory levels. **No makeup exams or assignments will be provided for the purpose of bumping up your grade under any circumstances***

As a student enrolled in CSE 4308/5360, I have read and understood the grading policy described above.

Name: \_\_\_\_\_

ID Number: \_\_\_\_\_

**Academic Dishonesty Policy Acknowledgement:**

*If you are caught colluding or copying in the assignments (or exam):*

- *First Offence: You will be given a score of -50 points for that assignment (or exam) and an academic dishonesty report will be filed.*
- *Second Offence: You will be given a grade of F for the entire course and another academic dishonesty report will be filed.*

*This policy is not up for negotiation under any circumstances*

As a student enrolled in CSE 4308/5360, I have read and understood the academic dishonesty policy described above.
